President's Corner:

What is this?

It is not a model. It is as big as a B-52 and carries about the same load.

July 2010 Meeting Minutes

President Rod Ashmore

opened the July meeting at 7:01 pm.

Treasurer Walt Culpepper

presented the current financial report.

This report and the minutes of the June meeting were approved.

New Members

None

Old Business

Following our vote last month, we ordered 3 truckloads of dirt and it was spread around where needed by an energetic group of our members. Thanks, guys, for all the work.

It takes regular effort like this to keep our facility looking great.

New Business

After spreading the loads of fill, it was suggested that we order more of the filler material (cushion sand) since there are still places that need "repair".

At the same time we need additional rock for the parking lots and the culvert on the south parking lot.

A first vote was taken to spend up to \$1,000 for this additional material. The second vote will be taken at the August meeting.

Club Scale Event

The DRCC Scale event is set for Saturday, October 9, 2010

DRCC Club Picnic

The weather could not have been better for our combination picnic and fun fly.

Rod had invited folks from the Dallas Parks Department and the Seagoville Police Department to come out and join us during our "play-day".

The Seagoville Police Chief and officers came out and visited while snacking on the great eats provided by our DRCC Chefs.

Rod organized a fun contest out on the runway. After setting up a series of Orange cones, a pilot and his helper had to navigate a slalom taxi course around the cones. There was only one problem..... The pilot was blindfolded and the helper had to tell the pilot which way to turn to navigate the course.

It wasn't easy, but it WAS fun.

A great big thanks to all who organized, cooked and hauled supplies around to make this a very successful outing for all who came.

If you were not there, you missed a lot of fun.

Upcoming Events

For more events, go to the
AMA Web Site Event Calendar:

<http://www.ama-dist-8.org/Calendar/index.php>

Sept 25-26

Dallas Electric Aircraft Fliers (DEAF) will hold their annual fly-in at the DRCC field, as they have in the past.

Model of the Month
Construction July

Brad Inmann brought his 60-inch "Stick" with an OS .61 for power.

Brad did a great job on the Blue and Yellow finish.
